Zafer Şiar Konyar

SOFTWARE DEVELOPER

Profile

I am a very passionate student and I am dedicated to my dreams and goals. My goal is to do be the best in my area, I work hard to accomplish my goal. I have very good communication skills, I can work as individual and in a group. Check out my application (Hercule) You can see more of my projects on my website (siarkonyar.com).

Employment History

Mobile App Developer, Mirako

APRIL 2025 — JULY 2025

This was a failed startup attemp, however i believe it put much experience on my development skills

I learned how to develop mobile applications with Expo and I experienced Apple's development ecosystem by using Apple developper console and App store connect.

Paid SoftWare Intern, Erguvan

JULY 2024 — SEPTEMBER 2024

As an intern, I was working on some projects that help businesses decarbonize, offering seamless carbon and REC trading and data-driven carbon and ESG management.

I learned T3 to work the projects and I was able to contribute to the development of the project. T3 includes Next.js, Prisma, Tailwind CSS, and Typescript.

Education

BS at Computer Science (General), University of Greenwich, London

SEPTEMBER 2023 — JUNE 2026
